IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY Webinar Series for the Enhancement of Quality Skills

Assessment and Learning Outcomes during COVID-19

Mr. Douglas Blackstock
Chief Executive
Quality Assurance Agency (QAA)

As the higher education sector across the world continues to adapt to respond to the challenge of COVID-19, it is critical that we are able to join colleagues working in quality for international discussions like this. At QAA, our response in the UK has been shaped by our international partnerships and communities of practice. Our public guidance has been influenced significantly by engagement with our international Partners' Forum, which has shared experiences and examples of practice from over 50 attendees from more than 20 countries about their responses to COVID-19. The IAU's webinar is another avenue for this cross-border collaboration – when we are faced with a global challenge like the COVID-19 pandemic, it's essential to share experiences and learn from each other. I'd like to thank Dr. Ahmed Al Kuwaiti for his skillful moderation, and for the efforts of all the team at IAU during this complex time.
